

**Call for Proposals**  
**2024 ASTE International Conference January 10-13, 2024**

**New Orleans, LA #ASTE2024**

Join us in New Orleans for the 2024 ASTE International Conference! We are eager to gather together to explore how we can build an ethos of care and inclusion in science teacher education. New Orleans is a city known for its jazz, rich history, amazing food, and exciting nightlife! [NewOrleans.com](https://www.neworleans.com) has all the information you need to begin your planning for ASTE 2024.

Proposals should address research and innovations in science teacher education. Information about formats, threads, proposal requirements, and rubrics for proposals can be found at: <https://theaste.org/meeting/callforproposals/>

The conference proposal system uses a profile-based approach that will result in fewer notification emails going to spam folders and will also allow for proposal editing until the due date. You will also receive the decision letter and reviewer comments by logging into your profile.

You must have a current (or recent) ASTE membership OR a non-member account to submit a proposal. If you have a membership, your account is already in place. Instructions for creating and using a non-member account (basically a username and password) are located on the proposal submission page located at <https://theaste.org/meeting/proposal-submission/>. Once your account has been established, you need to log in to access the proposal system.

In addition to submitting a proposal, please consider taking on the role(s) of reviewer and/or presider for the conference. To serve in one of these roles, fill out the volunteer application here to serve in one of these roles: <https://theaste.org/aste-volunteer-portal/>

**The priority deadline for submitting proposals is MIDNIGHT JULY 10, 2023.**

Proposals received after the deadline will only be considered on a space-available basis. For more information or to submit a proposal, please go to the ASTE website at <https://theaste.org/meeting/proposal-submission/>

Technical questions should be sent to John Rhea, ASTE Director of Electronic Services, at [DES@theaste.org](mailto:DES@theaste.org). If you have questions about the conference events, please contact the conference chairs at [conferencechairs@theaste.org](mailto:conferencechairs@theaste.org). If you have questions about the proposal process, please contact the Conference Program Coordinator, Kelly Feille, at [programchair@theaste.org](mailto:programchair@theaste.org)
